

| Pos. | Artikelbeschreibung           | Description of item             | Artikel Nr./Item No. |
|------|-------------------------------|---------------------------------|----------------------|
| 9    | Leiste                        | Rail                            | 00120V010            |
| 16   | Filter                        | Filter                          | E00401V080           |
| 17   | Klemme                        | Clamp                           | 0401V110             |
| 18   | Ventil, kpl.                  | Valve, cpl.                     | 0401V155             |
| 24   | Schweißdraht                  | Welding rod                     | 04680000             |
| 26   | Deckel                        | Lid                             | E00501V111           |
| 27   | Einlegeplatte                 | Insert plate                    | E00506V072           |
| 28   | Schweißbalken                 | Sealing bar                     | E00507V022           |
| 29   | Klebeband 0,25 m              | Adhesive tape 0,25 m            | 05180000             |
| 30   | Teflonband 0,33m              | Teflon tape 0,33m               | 05190000             |
| 31   | Dichtung 1,40 m, z. Deckel    | Seal 1,40 m, f. lid             | 05160000             |
| 32   | Gummi Gegendruck 0,25 m       | Back pressure rubber 0,25 m     | 05430000             |
| 38   | Pumpe mit Motor               | Pump with motor                 | 07010107             |
| 39   | Schalter 1/0 220/380V         | Switch 1/0 220/380V             | E007040015           |
| 40   | Schalter                      | Switch                          | 007040024            |
| 41   | Schalter 230V                 | Switch 230V                     | E007040033           |
| 42   | Kontrolllampe rot             | Red indicator light             | 007050994            |
| 43   | Transformator 230/12V, 100 VA | Transformer 230/12V, 100VA      | 007060008            |
| 44   | Anschlusskabel 3 x 1,5 mmq 3m | Power cord 3 x 1,5 mmq 3m       | 007CC0041            |
| 45   | Platine                       | Circuit board                   | E009030069           |
| 46   | Timer                         | Timer                           | E009030139           |
| 47   | Mikrochip                     | Microchip                       | E009030192           |
| 48   | Potentiometer                 | Potentiometer                   | E009060001           |
| 49   | Knebel für Potentiometer      | Knob f. potentiometer           | 010010033            |
| 50   | Fuß                           | Base                            | 064700300            |
| 51   | Scharnier komplett            | Complete hinge                  | 010080052            |
| 52   | Gasdruckzylinder z. Deckel    | Gas pressure cylinder top cover | 010080053            |
| 53   | Schlauchschele                | Hose clamp                      | 010080061            |
| 54   | Abstandhalter                 | Spacer                          | E010090004           |
| 55   | Blende                        | Panel                           | E01103V243           |
| 56   | Magnet                        | Magnet                          | 016020032            |
| 57   | Ventilkörper 3/2-NC           | Valve body 3/2-NC               | 016020034            |
| 58   | Ventilkörper 2/2-NEC          | Valve body 2/2-NEC              | 016020035            |
| 59   | Stopper                       | Buffer                          | E016030064           |
| 60   | Unterlegscheibe, Kunststoff   | Flat washer, plastic            | E016030037           |
| 61   | Winkel 1/2" mF                | Angle 1/2" mF                   | E016030047           |
| 62   | Adapter 1/2"-1/4"             | Adapter 1/2"-1/4"               | E016030048           |

Vakuuiergerät K 250/150L  
Artikel-Nr.: 300301
